WORK EXPERIENCE

FROG DESIGN

INTERACTION DESIGNER II

January 2009 – Current

Working on interdisciplinary and international teams identifying and solving key information and interaction design problems. Design space and focus has varied from single touchpoint experiences to services with multiple integration points across web, mobile, tablet, and physical environments. Responsibilities include creation and presentation of design concepts, wireframes, user interactions, ui motion, information architecture and client pitches.

ACTIVE INGREDIENTS

INTERACTION DESIGN INTERN

June 2007 – March 2008

Small web focused studio composed of designers, program managers, and developers. Working on team for design and launch of software tour of industry leading company. Responsibilities included creation of concepts and designs for new and existing web clients, layouts, site rebranding, newsletter campaigns, and initial motion storyboards.

PITNEY BOWES

DESIGN INTERN

June 2006 – March 2007

Working cooperatively with design and human factors group for the creation of printed material and software for mailing machines. Actively participating in conceptualizing, and ideation of solutions in weekly meetings for government services.

UNIVERSITY

CINCINNATI — DAAP

DIGITAL DESIGN

June 2009

University of Cincinnati — College of Design, Architecture, Art, and Planning (DAAP). Design program had a heavy focus on interaction, motion design, and problem solving. School included a requirement of multiple internships for graduation credit. Providing an opportunity to travel and work at various design firms during my student career.
